# CalvertHealth Today.

## *Known for Exceptional Care*

For more than a century, CalvertHealth (CH) has been known as a top healthcare provider for Calvert County and the surrounding communities. We strive to fulfill our vision of making a difference in every life we touch and the families we serve know us best for exceptional inpatient and outpatient care, top-notch nurses, innovative cancer care and community health outreach. One of the largest employers in the region with more than 1,100 employees, CalvertHealth saw an average \$201 million in gross revenue over the past three fiscal years. Our Network of Care includes CalvertHealth Medical Center (CHMC), our employed provider network – CalvertHealth Medical Group (CHMG), a home health agency, a diagnostic imaging facility and locations throughout the county for urgent care, radiation and physical & occupational therapy.

## *Known As a Leader of Innovative Medicine*

CalvertHealth Medical Center is an acute care, not-for-profit, independent medical center. Widely respected for innovation, CHMC was at the forefront of adopting hospitalist medicine. Commitment to high quality care is further evidenced by the numerous accolades achieved for positive patient outcomes. CalvertHealth is accredited by The Joint Commission, licensed by the Maryland Department of Health and Mental Hygiene and certified for Medicare and Medicaid.

## *Known for An Outstanding Medical Staff*

CHMC is pleased to have more than 300 active and consulting board-certified/board eligible medical staff members representing more than 50 specialties. In addition, partnerships with regional tertiary centers of excellence help bring some of the regions top experts in specialized areas like gynecologic oncology and neurospine surgery close to home for local residents. A strong sense of community and a fundamental belief in helping residents live well is part of the CHMC culture, resulting in programs like KeepWell@Work, Transition to Home and the Mobile Health Center. As a CH provider, you will join a highly educated and trained medical staff. The CH senior leadership team is open, accessible and focused on providing quality and safe patient care in an atmosphere of service excellence. CH offers you an innovative medicine culture for a challenging and rewarding medical career, along with an attractive lifestyle in an area of breathtaking beauty.

## *Known for Collaboration and Integration*

CalvertHealth's Network of Care has enabled us to expand our continuum of care to include diagnostic imaging, therapeutic services, skilled nursing and radiation therapy, among others. Some of these collaborative affiliations are:

- Calvert Medical Imaging Center
- CalvertHealth Medical Group
- CalvertHealth Outpatient Rehabilitation (*three locations*)
- Chesapeake Potomac Regional Cancer Center (*two locations*)
- Chesapeake Potomac Home Health Agency
- Urgent Care (*three locations*)

## *Known for Meeting Vital Community Needs*

Our guiding philosophy has always been to continuously grow the organization to meet the needs of the community we serve and to ensure the services we provide are of the highest quality.

**1984** – Initiated behavioral health day treatment program for adolescents in tri-county area

**1994** – Spearheaded development of Calvert Community Health Improvement Roundtable to address unmet needs

**1997** – Opened first of three urgent care centers to offer after-hours care for all ages

**1999** – Opened new birth center with private rooms for individualized attention

**2003** – Adopted hospitalist medicine (*first in Southern Maryland*)

**2006** – Advanced cancer care with opening of regional radiation oncology center

**2009** – Implemented critical care telemedicine (*first in state*)

**2011** – Launched first community health information exchange in state

**2015** – Expanded and renovated diagnostic imaging department – serves as a showroom for General Electric (GE)

**2016** – Implemented new electronic health records system

**2016** – Launched a Mobile Health Center to remove barriers to access by traveling to underserved areas

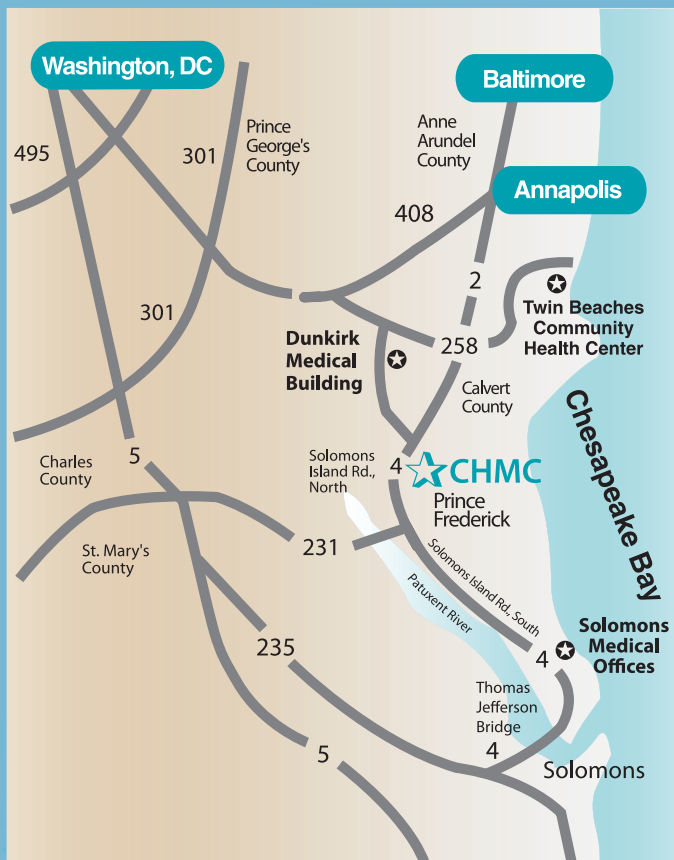

**2017** – Rebranded as CalvertHealth to unite all of our services throughout the county under one name

**2020** – Completed a \$51-million dollar renovation and expansion project to convert to private patient rooms

## *Known for our High-tech and High-touch Achievements*

- In the past five years, CH has spent more than \$82 million to add cutting-edge technology, renovate facilities and expand services critical to attracting the best and the brightest to CH.
- Significant renovation and expansion of the medical center's diagnostic imaging department added \$3.1 million state-of-the-art technology including new interventional cardiovascular and nuclear medicine suites.
- Broad base of information technology – including bar coding, computerized physician order entry, electronic health records and online patient portal – to enhance quality care, improve patient safety and promote better care coordination.
- The Sheldon E. Goldberg Center for Breast Care, in collaboration with Calvert Medical Imaging Center, offers state-of-the-art imaging systems like digital mammography, 3D upright biopsy, breast MRI and ultrasound. 3D mammography is designated to detect even the most subtle signs of early cancer.
- Implementation of smart IV pumps throughout the facility, coupled with bar coding and electronic prescribing, places CH at the forefront of medication safety in the state.
- Computerized tracking system, digital radiography and PACS (Picture Archiving Communications System) in the Emergency Department enhances efficiency while improving coordination of care.
- Garnered Health Quality Innovator Award for 2017 for CH collaborative approach to reduce opioid addiction and prevent opioid-related deaths in our community.
- Received the American Heart Association's highest honor for outstanding stroke care, the Gold Plus Achievement Award, for eight years in a row.
- Achieved the highest performance among all Maryland hospitals for clinical care, patient safety and patient perception based on 2019 data released by the Hospital Services Cost Review Commission.

*Calvert County's convenient location also offers quick access to Washington, D.C., 36 miles; Annapolis, 29 miles; and Baltimore, 53 miles.*

## *Known as "The Pleasant Peninsula"*

Calvert County offers you an attractive lifestyle – from high-ranking schools and a low crime rate to a moderate climate and abundant recreational opportunities. New residents quickly find out why we're known as "The Pleasant Peninsula."

Although Maryland's smallest county at 213 square miles, Calvert County enjoys one of the highest median household incomes in the U.S. We are home to nearly 3200 businesses and major industries including defense contracting, information technology and tourism.

Our primary service area is situated between the Chesapeake Bay to the east and the Patuxent River to the west, where there is plenty to enjoy from our sandy beaches and nature parks to boating, biking and hiking. Calvert County is also home to several museums, a water park, aquatic center, sculpture garden, antique shops, art galleries and libraries that offer fun and educational activities for all ages.

## *CalvertHealth is the Right Match for Your Career.*

We want to talk with providers in any field with a desire to work and live in a family-focused community offering an attractive lifestyle, while delivering innovative medicine. If we are the right match for you, we promise that together we will provide exceptional care and make a difference in every life we touch.

### *The basics for a potential match:*

- Academic credentials from an accredited Medical School
- Board-certification or board eligibility in a specified field or specialty
- Desire to be part of a collaborative team of providers
- Dedication to providing excellent care
- Desire to be part of the community
- Interest in educational advancement and continued learning
- A philosophy of care centered around helping patients lead healthy lives
