

Hello,

My name is Christine Shipley. I am the Clinical Director for the Oncology Service-Line. I want to first thank you all for your patience while we had to break in scheduling our Breast support group after Ramona Couteau retired. I know it has taken longer than we all expected but we are ready to get started. We are excited to have our oncology social worker Stacey Newman, LCSW-C and nurse navigator Megan Hance, RN to lead our support group. I would like to invite you to take a brief survey to gather information and feedback regarding how you would like the support group to be structured. We feel this is the perfect time to get your input to ensure our support group is meeting your needs. Thank you in advance for taking the time to complete the survey.
